

## ALLIES CONTINUE TO ADVANCE ON ALL FRONTS

### HUN RESISTANCE AT MOST POINTS IS NOW STIFFER

Important Junction of  
Roulers Is All But in  
Entente Hands

### STEND IS IN DANGER

Allied Troops Only a Few Miles  
From Where They Can Strike  
At Submarine Base

### JAMASCUS OCCUPIED BY BRITISH

1,000 Turks Taken in Operation  
—French Now in Full Posses-  
sion of St. Quentin

London, England, Oct. 2, 6:30  
p. m. — Turkey has made further  
indirect approaches to the Allies  
through financial channels, which  
are being considered by the British  
war cabinet. The Standard  
says it learned on good authority.  
Important developments, the  
newspaper adds, are expected.

(By the Associated Press.)

Again the Germans are in re-  
treat on an important sector of  
the western battle front in France.  
The scene of the new retrograde  
movement is a wide front north  
and south of the La Bassée canal.

The continuation by the En-  
tente Allied forces of their bril-  
liant achievements in restoring  
Belgian Flanders and the expul-  
sion of the enemy from further  
territory in France from the re-  
gion of Cambrai to Verdun evi-  
dently has brought the Germans  
to the realization that the great  
bend in the line from Menin to the  
east of Arras is likely to prove  
another such trap as was the St.  
Mihiel salient, unless they are fast  
enough of foot to move eastward,  
giving up Lille, Lens and Douai  
and straighten their line from the  
vicinity of Cambrai to Belgium.

On all other six battle fronts  
from Belgium to Verdun, the En-  
tente forces are keeping up their  
successful advance, although the  
Germans everywhere, except  
northwest of Rheims, have materi-  
ally stiffened their front and are  
offering strong resistance to fur-  
ther inroads into their territory.

### Hun Submarine Base Endangered

In Belgian Flanders the wedge of  
the Belgian, British and French  
troops has penetrated still farther  
eastward and southward from Dix-  
mude, and only a few more miles will  
be required by the Allied troops to  
give them positions of which Ostend,  
one of Germany's sea bases, will be  
made untenable and, indeed, the en-  
tire North sea coast now in German  
hands put in jeopardy. British war  
ships are now boldly bombarding  
the coast and the Germans are re-  
ported to be moving their heavy guns  
westward, fearful of their capture.

Many additional towns have been  
captured by the Allies in this region  
and numerous prisoners have been  
taken. The important railroad junction  
point of Roulers is all but in the  
hands of the Allies, while southward  
from Roulers the British have cut the  
Roulers-Menin road at two points  
and are in the process of investing  
Menin.

### Ends Hindenburg System Smashed

The French are now in full posses-  
sion of St. Quentin and have passed  
on eastward. The entire Hindenburg  
system between St. Quentin and La  
Celle has been completely smashed.  
General Marshal Haig's forces, with  
whom the Americans are brigaded,  
and further ground has been won in  
the outskirts of Cambrai and north  
of that city. At one point north of  
St. Quentin the British were forced  
to give up a village under a heavy  
counter attack by fresh German  
troops.

A band of Americans, who had out-  
distanced their fellows in arms, were  
surrounded on one sector by the Ger-  
mans, but were released after two  
days, during which they killed many  
of the enemy who sought to capture  
them. Northwest of Rheims, the St.  
Thierry massif has been captured and  
north of the Cathedral City the en-  
tire line has been reached by the  
French. The Germans along this line  
are in retreat to their old 1914 Strassburg

### INFLUENZA SPREADING AMONG THE CIVILIANS

Reports Indicate Decrease, How-  
ever, in Number of Cases  
At Army Camps

Washington, D. C., Oct. 2.—While  
new reports today to the office of the  
surgeon general of the army showed  
decrease in the number of new cases  
of Spanish influenza at army camps,  
information coming to the public  
health service was that the disease  
was rapidly spreading among the  
civilian population over the country.  
The malady has appeared now in  
45 states and the District of Colum-  
bia and besides New England is epi-  
demic in sections of Virginia, South  
Carolina and other places. It was re-  
ported particularly prevalent along  
the Atlantic seaboard and the Gulf  
coast. Vigorous steps to combat the  
disease have been taken by the public  
health service and doctors and nurses  
have been ordered to several places  
where the epidemic is most severe.  
The number of new cases in army  
camps during the 24 hours ending at  
noon today was slightly more than  
13,000, a decrease of 1,660 from the  
total reported the day before. Pneu-  
monia in the camps showed a de-  
crease with 876 new cases and 271  
deaths.

Influenza cases at all camps now  
number more than 100,000, with  
7,645 cases of pneumonia reported  
since the epidemic began and 2,143  
deaths.

Sixteen camps today reported new  
cases of influenza, with the largest  
number at Camp Meade, Md., 1,560.  
Camp Custer, Mich., reported 1,040,  
new cases and Camp Pike, Ark., and  
Taylor, Kentucky, more than 1,000  
each. Camps Lee, Va., and Grant,  
Illinois, had more than 500 new cases.  
Conditions at Camp Devens, Mass.,  
continue to show improvement, only  
95 new cases being reported there to-  
day.

The worst of the epidemic also ap-  
pears to have passed at Camp Dix,  
N. J., which showed only 314 new  
cases against 241 yesterday. There  
were 50 deaths at Dix and 29 at  
Devens.

### ROXBURY LAD KILLED IN ACTION

Earl B. Dudley of Marine Corps Makes  
Supreme Sacrifice—General Pershing  
Reports 250 Casualties

Washington, D. C., Oct. 2.—The fol-  
lowing casualties are reported by the  
commanding general of the American  
expeditionary forces:  
Killed in action, 32; missing in ac-  
tion, 22; wounded severely, 110; died  
from wounds, 14; died of disease, 1;  
total, 259.

The above list does not mention sol-  
diers whose homes are in this vicinity.  
In Wednesday afternoon's list, how-  
ever, is the name of Private Earl B.  
Dudley, whose emergency address is  
given as Clara J. Dudley, Roxbury, N. Y.  
Private Dudley is reported as  
"killed in action."

### ALLIES TO RECOGNIZE ARABS

London, England, Oct. 2.—The Al-  
lied governments have decided form-  
ally to recognize the belligerent status  
of the Arab forces fighting as auxil-  
iary with the Allies against the com-  
mon enemy in Palestine and Syria.

### Line and the French have reached the Aisne canal at several points.

General Allenby Occupies Damascus.  
The French in Champagne and the  
Americans on their right have made  
further gains against the Germans in  
the clearing out of the Argonne forest  
and pressing northward on both sides  
of this position.

1. Palestine, the British have oc-  
cupied Damascus and taken more  
than 1,000 Turks prisoner.

### Americans Capture War Material

Washington, D. C., Oct. 2.—General  
Pershing's communiqué today says  
that a partial count of the material  
captured during the past week by the  
American troops advancing between  
the Meuse and Aisne rivers shows  
120 guns of all calibers, 750 trench  
mortars, 360 machine guns, 150  
heavy tank guns, thousands of artil-  
lery shells and hundreds of thousands  
of rounds of small arms ammunition.

### "Day Passes Quietly"

Berlin, Germany, via London, Eng-  
land, Oct. 2.—"There were violent  
partial engagements in Flanders and  
Champagne," says the official state-  
ment from general headquarters this  
evening.

### "Before Cambrai, the Day Passed Quietly."

### British Bomb Travers Railway

London, England, Oct. 2.—The  
Travers railway was bombed by the  
British independent air force Tues-  
day according to an official state-  
ment issued tonight.

There is in the Ratis province of  
Prussia and claims to be the oldest  
town in the German empire. The  
railroad passing through Avesnes runs  
north to the Cathedral City the en-  
tire line has been reached by the  
French. The Germans along this line  
are in retreat to their old 1914 Strassburg

### CENTRALIZE THE CONTROL OF ALL ECONOMIC FORCE

Every Nation Fighting  
Germany Is to Enter  
Long-Planned Event

### COORDINATE ACTIVITY

Principle of Unified Military  
Command Is Applied to Food,  
Materials and Commerce

### IDEA IS APPROVED BY WILSON

Completion of Common Eco-  
nomic and Industrial Program  
Now Is Undertaken

Washington, D. C., Oct. 2.—The  
long-planned centralized control of  
all the economic forces of the nations  
fighting Germany is at last a fact.

It applies the principle of the uni-  
fied military command to raw ma-  
terials, manufactured products, ship-  
pings, finance, food and the export  
and import regulations of the United  
States and the co-belligerents.

The great plan was worked out by  
President Wilson's so-called war  
cabinet and the Allied missions. It  
has been approved by the President  
and the Premiers of the Entente na-  
tions. No announcement of its con-  
summation has been made here; in-  
fact, it has rather been withheld from  
publicity. Some of its details and the  
fact that it is actually in operation  
have become known through develop-  
ments in Paris and London.

Co-ordination of effort by the as-  
sociated governments, in addition to  
military and naval activity, amount-  
ing to centralized control of all is  
being carried out by the Inter-Allied  
councils—war, shipping, munitions,  
food and finance.

### Limited to Some Cases

Under these special studies com-  
pletion of a common economic and  
industrial program is now being under-  
taken, principally in London and  
Paris, and limited to the following  
cases:

Where two or more governments  
are interested in supplies which must  
be transported overseas to supplement  
deficiencies in local production; or  
where several sources of supplies  
should be agreed upon together with  
the allotment and method of the dis-  
tribution of utilization; or where there  
might without agreement be a competi-  
tion between governments in procur-  
ing supplies or a wasteful duplication  
of productive efforts.

The program will be coordinated  
with finance through the inter-Allied  
finance committee; with shipping  
through Inter-Allied shipping council,  
and with export and import relations  
through an inter-Allied board made  
up of representatives of the Ameri-  
can war trade board and similar de-  
partments of other governments.

### Subordinate Committees Chosen

Subordinate to the Inter-Allied coun-  
cils are being organized committees,  
communities or executives. While the  
Inter-Allied councils are composed of  
men of so-called ministerial or cabin-  
et rank, the committees will be made  
up of men of 1st ser positions, but ex-  
perts in their particular commodity.  
The committees will be responsible  
to the five inter-Allied councils. Any  
differences arising as to a location of  
ships or material, or other matters  
of a serious or vital nature, on which  
the members of the inter-Allied coun-  
cils are unable to agree, will be  
brought to President Wilson and the  
Premiers of the Allied nations for set-  
tlement.

Food control already has been cen-  
tered in London. Following Food Ad-  
ministrator Hoover's recent visit  
abroad to attend the Inter-Allied con-  
ference in London. One of the results  
of his trip, it became known today,  
was the perfection of the President's  
plan for centralized control, and its  
acceptance by England, France and  
Italy.

### Plan to Eliminate Red Tape

The munitions council meets in  
Paris with two American representa-  
tives. Assistant Secretary of War  
Stettinius for the war department,  
and L. L. Summers of the War In-  
dustries board, personal representa-  
tives of Chairman Baruch of that or-  
ganization.

The entire plan contemplates the  
cutting of red tape, elimination of con-  
flicting orders, the Allies in their  
fight against the Central Powers, and  
welding the resources of the Allies  
into a common pool, and to provide  
the machinery to handle all problems  
that may be intricate, voluminous or  
in need of continuous attention.  
America, through its position as  
the storehouse of the world, and not  
less than through President Wilson's  
world leadership accepted by the Al-  
lies, probably will be the guiding  
hand in the plan for centralized con-  
trol. The effort will be a common  
pool of resources necessary for win-  
ning the war quickly.

### To Adjust the Wages of Anthracite Coal Miners

Washington, D. C., Oct. 2.—With  
the approval of the general wage  
board of the department of labor,  
an adjustment will be made in the  
wage scales of anthracite coal min-  
ers. The first step to this end was  
taken tonight by Fuel Administrator  
Garfield in calling tomorrow a  
conference of representatives of an-  
thrachite miners and operators with  
Secretary Wilson, the general wage  
board, and fuel administration of-  
ficials.

Officials of the United Mine  
Workers of America and representa-  
tives of the anthracite miners  
conferred with Administrator Gar-  
field yesterday. It is understood  
Mr. Garfield was told that there is  
a discrepancy between the wages  
paid anthracite miners and workers  
employed in the bituminous industry  
and bituminous mining sufficient to  
induce anthracite miners to leave  
their work.

### MUST PUSH BIG LOAN WITH VIM

Wilson Urges People to Be Cau-  
tious, Lest Good War News  
Cause Relaxation

### LOAN ALREADY SPENT

New York Federal Reserve Dis-  
trict Subscribes 7.7 Per  
Cent of Its Quota

Washington, D. C., Oct. 2.—Presi-  
dent Wilson and other officials feel  
that the American people must exer-  
cise caution lest a relaxation of  
efforts on behalf of the Fourth Lib-  
erty Loan. Thus far no such re-  
laxation has been noticeable and the  
campaign has been going with an en-  
thusiasm comparable to that with  
which the battle reports have been  
received.

It is pointed out now that victory  
is definitely being brought to the  
side of the Allied armies, funds and  
more funds are needed to enable the  
fighting men to press home their  
hard won advances and hurl the Ger-  
man hordes beyond the Rhine. Sec-  
retary McAdoo is understood to have  
determined to have speakers empha-  
size this point continually until the  
huge \$5,000,000,000 total is raised.

### \$111,122,050 Actually Received

Official reports today from all fed-  
eral reserve districts except Kansas  
City, which has not started taking  
subscriptions, showed \$111,122,050  
pledges actually received and accom-  
panied by payments of the 10 per cent  
initial installment. This covers re-  
ceipts up to last night, but does not  
include millions of dollars in sub-  
scriptions on which the initial pay-  
ment has not been made, or has been  
made but not yet reported officially by  
the banks.

In order to raise \$5,000,000,000, it  
would be necessary to get a daily  
average of \$315,000,000 and at this re-  
quired rate, approximately 5 billion  
dollars should have been subscribed  
by this time.

### Fourth Loan Already Spent

In connection with the efforts to  
prevent a slackening of campaign  
morale, it was cited today by treasury  
officials that practically all of the \$6-  
000,000,000 to be raised will have  
been spent by the time it is received  
in the treasury. The government al-  
ready is paying out money at the daily  
rate of \$50,000,000, which is substan-  
tially the money to be raised in the  
Fourth Loan. Nearly \$4,500,000,000  
has been received in the last two  
months from sales of certificates of  
indebtedness, but these securities are  
only temporary expedients to be paid  
out of receipts from Liberty bonds.  
Consequently the government is al-  
ready spending its Fourth Loan money.

### New York District Has 7.7 Per Cent

New York, Oct. 2.—The New York  
federal reserve district had subscribed  
\$129,418,500 to the Fourth Liberty  
Loan up to the close of business yes-  
terday or 7.7 per cent of its quota of  
\$1,660,000,000, according to official fig-  
ures announced tonight.

These figures, however, do not in-  
clude big sales made today when New  
York City, stirred by a tour of its  
business and financial districts by Am-  
erican marines wounded in France,  
a parade of Italian veterans from the  
Austrian front and ceremonies in-  
cumbent to the Cuban day celebration at  
the "altar of Liberty," subscribed  
freely.

### U. S. MAKING MANY PLANES NOW

Washington, D. C., Oct. 2.—Liberty  
motors now have reached quantity  
production and American built air-  
planes are being shipped in train load  
lots daily from the factories for serv-  
ice overseas. W. C. Potter, acting  
director of the bureau of aircraft pro-  
duction, made this announcement to-  
day upon his return to Washington  
from an inspection of factories build-  
ing planes and motors.

### REPORT GERMANS ARE EVACUATING TOWN OF LILLE

All Means of Transport  
Are Requisitioned By  
Commander of Place

### FRENCH ADVANCE LINES

General Berthelot's Men Com-  
plete Conquest of the St.  
Thierry Massif

### BOCHE DID NOT FIRE CAMBRAI

Believed That Blaze Was Caused  
By Burning of Ammuni-  
tion Dumps

(Havas Agency.)

Paris, France, Oct. 2.—The Matin  
announces that the Germans are evac-  
uating Lille and that the commander  
there has requisitioned all means of  
transportation, even wheelbarrows and  
baskets to take away the booty. The  
newspaper adds that the evacuation  
of the townspeople to Belgian towns  
near the German border is being pur-  
sued hastily.

A dispatch from the Dutch border  
asserts that the German governor  
general in Belgium has given secret  
instructions to the governors of the  
provinces to send hastily all German  
archives to Brussels.

Allied aviators have flown over  
Brussels, dropping thousands of  
pamphlets telling the public to have  
a little more patience—that their hour  
of liberation is near.

### St. Thierry Massif Captured

(By the Associated Press.)  
With the French Army in France,  
Oct. 2 p. m.—General Berthelot's  
forces in the course of the night and  
this morning completed their con-  
quest of the St. Thierry massif, north-  
west of Rheims, occupying Poulillon  
and taking the fort of St. Thierry.

The French now dominate the plains  
around St. Thierry and the ad-  
vance of General Gouraud's men in  
the region of St. Marie-a-Py, in the  
Champagne, increases the gravity of  
the situation for the German forces  
holding the heights to the east of  
Rheims.

### May Pocket Huns in Rheims Salient

Further slight advances by both  
Gouraud and Berthelot in those re-  
gions will make the Rheims salient  
another pocket from which the Ger-  
mans will find an exit very difficult.

Fighting continued during the night  
in the suburbs of St. Quentin. The  
Germans were trying to repair the  
breach made there in the Hindenburg  
line by organizing a defence of the  
Crozat canal, where they have massed  
a great number of machine guns to  
prevent the French troops from cross-  
ing.

The Germans are expected to make  
a desperate defence in that sector in  
order to facilitate their retirement  
to a secondary position behind the  
Hindenburg line.

### Enemy Redoubles Efforts

In the Champagne the enemy also  
is redoubling its efforts to hold off  
General Gouraud's forces on the line  
of Monthermieu-Orville-Lary.

The heights here are cut by steep  
cliffs and deep ravines and studded  
with clumps of trees and thickets.  
Furnished excellent positions for de-  
fence. These positions are being de-  
fended, the Germans retreating only  
step by step and at points where the  
counter attacks are made.

French troops advanced.  
General Gouraud's men this morn-  
ing burst through a very deep line  
of wire defences south of Orville and  
Lary and took a formidable position  
by assault.

### Germans Fire Sneezing Gas Shells

With the American forces on the  
Verdun front, Oct. 2, 6:30 p. m.—The  
German artillery in the early hours  
today freely sprinkled the areas be-  
hind the American lines with shells  
containing sneezing gas and phos-  
gene. Between the Meuse and the  
Moselle, the Germans directed quite a  
concentrated artillery fire on the  
American positions. The nervousness  
of the enemy along the line indicates  
that he expects an attack.

American detachments entering  
Gones, northwest of the enemy.  
Found it free of the enemy. The  
roads in the neighborhood of the vil-  
lage likewise were clear of Germans.

One German airplane fell to Amer-  
ican anti-aircraft guns and some 50  
Austrians were captured in the  
Woivre sector.

### BUFFALO STREET CAR TIE-UP IS IMMINENT

Men Strike For Wages That  
Company Cannot Meet With-  
out Six-Cent Fare

Buffalo, Oct. 2.—A complete tieup  
of the street car system controlled by  
the International Railway company  
was threatened tonight. The walkout  
will affect all the car lines in Buffalo,  
Niagara Falls, Lockport and a dozen  
smaller cities and towns in Western  
New York.

The decision of the men to quit their  
cars at 4 o'clock tomorrow morning  
was announced at the close of a meet-  
ing tonight. No strike vote was nec-  
essary, a resolution having been adopt-  
ed a week ago by the local union, au-  
thorizing the men to strike if the wage  
scale of 42 to 45 cents an hour,  
awarded by the War Labor board,  
was not granted by the company.

The board's award was contingent  
on an advance in fare from five to six  
cents, but the citizens of the city re-  
fused by referendum vote to amend  
the charter so as to permit the ad-  
vance. The company officials said the  
advance scale cannot be paid out of  
the revenue from a five-cent fare.

The Curtis airplane and motor cor-  
poration and other large concerns  
working on war orders have arranged  
to get employees to and from work by  
motor trucks, but not all of them  
can be moved in this way and a seri-  
ous check to production seems im-  
minent.

At a meeting of citizens tonight,  
\$75,000 was subscribed to be loaned  
to the railway company to pay the  
increased rate of wages for a month,  
during which time a committee would  
try to bring about a settlement of the  
situation through securing an author-  
ization for increased fares.

The company was willing to accept  
the proposition, but the men deman-  
ded because there was no provision  
for retroactive payment, which they  
have demanded.

### STANDARDIZE SHOES AS TO QUALITY AND STYLE

Fixed Maximum and Minimum  
Retail Prices Also to Be Put  
on Footwear

Washington, D. C., Oct. 2.—The  
American people soon will be able to  
purchase shoes at fixed minimum and  
maximum retail prices, lower than  
those now prevailing, and obtain at  
the same time shoes of better quality.  
This announcement was made today  
by the war industries board, as based  
on an agreement it has entered into  
with the shoe industry.

Under the agreement shoes will be  
standardized as to quality and style  
at prices ranging from \$3 to \$12, for  
men and women grouped as follows:  
Class A, from \$9 to \$12; class B,  
\$6 to \$8.50; and class C, \$3 to \$5.50.  
Proportionate prices for youths' and  
children's shoes have been fixed in  
each of the three classes.

The war industries board will check  
up on the quality of the shoes sold  
at each price by means of a class  
number stamped in each shoe.  
Policing, officials explained, will be  
done by various stage councils of de-  
fence, and where the public is in  
doubt as to what quality it is getting,  
according to the price schedule, com-  
plaint may be made and the cost of  
manufacture traced.

### Liquid Air in Place of Shells

(By the Canadian Press.)

British Army Headquarters, Oct. 2.  
—The enemy for some time past has  
been employing liquid air as a sub-  
stitute for high explosives, which is  
an indication that he is beginning to  
feel the heavy losses he has sustained  
in war material.  
The report that the Germans have  
set fire to Cambrai does not appear  
to be confirmed. It is believed that  
the fire was caused by burning of  
ammunition dumps.

### Yanks Celebrate Bulgarian Armistice

American Headquarters in France,  
Oct. 2.—News of the Bulgarian arm-  
istice has been received with re-  
joicing by the troops, who shouted it  
across to the enemy lines, where the  
lines were near enough.

### \$2.50 FOR NEWS PRINT PAPER

New York, Oct. 2.—Judges of the  
United States circuit court, acting as  
arbitrators in the controversy between  
the news print paper manufacturers  
and the federal trade commission over  
the price of news print paper, today  
handed down a decision awarding a  
price of \$2.50 per hundred pounds for  
rolled news in carload lots. F. O. B.  
mill.  
This restores the price current last  
spring, which was reduced to \$2.10 by  
the federal trade commission.

### CHOLERA IN BERLIN CLAIMS 16

Amsterdam, Holland, Oct. 2.—On  
the first day of the outbreak of chol-  
era in Berlin, according to reports re-  
ceived here, there were 17 cases. Six-  
teen of these proved fatal.

### BREAK HUN GRIP ON NORTHFRANCE AND ON BELGIUM

All War Observers Agree  
the Hindenburg Line  
Is Disintegrating

### HARASS BOCHE RETREAT

Ringed By Wall of Armies Over  
Whole Front, German Plight  
Is Serious

### MANY MEN LOST IN WITHDRAWAL

Battle Line Is Assuming Shape  
of Vast Trap, Ready to  
Engulf Enemy

Washington, D. C., Oct. 2.—The  
German grip on Northern France  
and Belgium has been definitely  
broken. Even the most cautious  
military observers in Washington  
agreed tonight that the Hindenburg  
line was disintegrating and army  
officers centered their whole atten-  
tion on the efforts of the German  
leaders to extricate their armies with-  
out a crushing disaster.

Outflanked in Belgium and in the  
Champagne, the German zone of de-  
fensive works known as the Hinde-  
nburg line already was becoming un-  
tenable when Field Marshal Haig's  
men smashed through it today just  
north of St. Quentin. The immediate  
investment of the city by French  
troops and the swift widening of the  
breach northward, coupled with the  
continued rapid progress of the  
French, Belgian and British forces in  
Belgium, it is thought here, will  
possibly upset the whole German  
scheme of retirement, which already  
has begun on the Rheims front.

### Harass Retreating Hun Armies

British penetration of the line, it  
was said, may furnish Marshal Foch  
with a means to embarrass the Ger-  
man retreat, always with the possi-  
bility of precipitating a veritable rout.  
Ringed by a wall of victorious arm-  
ies over the whole front from the  
North sea to Verdun, the situation of  
the Germans is undoubtedly grave.  
The drive in Belgium is menacing  
vital communications on one side,  
while American and French troops in  
the Champagne are surging forward  
toward equally vital supply lines on  
the other. The battle line is assuming  
the shape of a vast trap thrusting its  
jaws out to engulf the German ag-  
gies. The German leaders have seen  
their danger. Official reports to the  
state department today indicated the  
evacuation of the submarine bases on  
the Belgian coast was imminent.  
There also is conclusive evidence that  
Rheims is well under way. The ques-  
tion uppermost in the minds of army  
officers here is whether the German  
high command has acted in time.

### Difficult to Withdraw Troops Safely

## AIRPLANE AFIRE, HE "CARRIES ON"

British Pilot Tells of Thrilling Experience Spotting for Artillery.

## DESCENDS JUST IN TIME

Engine Stops Just as Mission Is Completed—Puts Machine Into Side-Slip—Tank Explodes Just as He Reaches Safety.

London.—"The fighting pilots don't get all the fun of the war in the air," writes a young "bird" who had a thrilling experience recently, returning to his base in a flaming plane.

"We were flying over No Man's Land," he says, "spotting for the artillery, and by constantly changing direction and height we had pretty well escaped the attention of the ubiquitous Archie. The 'shoot' was progressing satisfactorily, and our battery would soon be all ranged. Our engine had been running very badly, and had the 'shoot' been less important we should have returned home; but the target was a special Hun bridge, and the battery was shooting excellently.

Airplane on Fire.  
"Suddenly a smell of burning wood reached my nostrils. Looking down, I saw the framework near my feet blackened and smoldering. The engine's back-firing must have made a torch of the exhaust. I switched off the petrol supply and opened out the throttle. One steep, swift dive and the fire was out.

"Then I hesitated. Should we hurry for home and safety, or continue the 'shoot,' in which a very little more observing would bring complete success? I turned to the observer. He leaned over and inspected the damage. It was not very bad, really. He shouted into my ear:

"Let's carry on."  
"I climbed again and we continued to 'shoot.' Our battery was very soon firing as a battery—all guns—our last message having completed the registration; and now shells were dropping about the target. Our part was done—pretty well, too—and in a few minutes the bridge was entirely destroyed. In our excitement the faulty engine had been forgotten until, with one last splutter, it gave out completely. It stopped.

"The machine was really on fire this time and I was too late. The wood-work was burning independently of petrol and exhaust, and to dive now would only fan the flames about my feet. Yet we had to get to the ground, and very quickly, too.

Quite a Wild Affair.  
"I put the machine into a violent side-slip away from the line. The flames were thus fanned toward the opposite wing. The observer, leaning over my shoulder, squirted the fire extinguisher about my feet, which enabled me to keep control of the rudder bar. We were down to 1,500 feet, but the heat was intense.

"The fire had reached the right wing. Things were getting more and more exciting. Would the fabric continue to support us? I pushed down the nose to hasten our descent, keeping the machine also in a side-slip. The rush of air slightly changed the direction of the flames. Now we were nearly down. There were a few shell holes and hardly any hedges. Unless we were unlucky we should not meet any serious obstacle.

"The ground rushed toward us. I took off the bank and 'flattened out.' One landing wheel touched with a bump, broke away and continued its course independently. The machine plummeted on the remaining wheel and finally crashed on its nose and left wing. It was quite a wild affair, but we were unhurt.

"Springing to the ground, we hurried away from the burning wreck just in time, for a second later the petrol tank exploded. We just looked at each other and never said a word, but neither of us regretted having chanced it and finished our job."

The Citizens' National bank invites you to call and let them show you how to take a snap at the Kaiser. They are busy at all times on Liberty Loan bonds, First Second, Third and now on the Fourth issue. Come in and let us show you how easy it is to get a bond. It is easy and popular now, the first and second issues were the hard ones to float.

You get results of which you can be proud, when you use Osego coffee. Ask those who have tried it. At your grocer.

## Not Exactly Sick—But

Feeling dull, tired, worn, run-down? It's liver activity you need. Take Schenck's Mandrake Pills tonight and mark their magic effect. One dose will prove their efficacy and make you feel like a new being.

For eighty years they have been proved as the vegetable substitute for calomel without its deleterious after effect.

Constipation, biliousness, bilious headache, etc., readily yield to Schenck's Mandrake Pills.

Uncoated or sugar coated from your druggist or by mail at 25c per box. Dr. J. H. Schenck & Son, Philadelphia.

## ENGLAND'S MAN OF MYSTERY

Capt. Gordon Campbell, England's "Man of Mystery," has just been decorated with the Victoria Cross. Great secrecy has involved the reason for the award, as in the past when Campbell received the D. S. O. and similar awards for conspicuous gallantry. It is believed that Campbell was the man in command of the decoy ship "Oso" which succeeded in obliterating many German submarines.

## SECOND DAY OF MORRIS FAIR.

Excellent Performances and Races Enjoyed by Big Crowd.

Morris, Oct. 2.—The second day of the Morris fair witnessed a large gathering of people from this and surrounding towns present. In the morning, it looked as though there would be no fair, as it rained, but toward noon the shower slackened and the sun came out, drying the grounds and putting everything in good condition for the day's program.

The floral hall is well filled with the displays of fruit, vegetables, etc. The ladies' department is not up to its usual standard, but proved of interest to many women. All seemed to enjoy the midway, which is crowded with side-shows, fortune tellers, the merry-go-round, the Ferris wheel, and all that goes to make this feature of the fair enjoyable. Several vicinity dealers have exhibits and several farm tractors were demonstrated. Considerable surprise was evidenced when a Linn tractor, manufactured here, pulled 15 tons of electric light poles.

The floral parade was held today and many excellent floats were entered. A ladies' driving contest and hitching-up-a-horse contest were held and created much amusement.

Two horse races were run. The road race, which was eligible to owners of horses who had never entered their steeds for money, resulted as follows: Kit, O'Haraigan, Gilbertville, 1; John L. Southern, Morris, 3; 4; Foxy, Wright, Morris, 4; 3; and Barney F. Smith, 2. Laughter was prolonged and hilarious at the slow horse race, which required that the horses maintain a trot, but at a slow pace, the last horse passing the line winning the race. Harry Edger-ton captured first honors and Paul Edger-ton second.

The main feature tomorrow will be the speech by Congressman Hicks of Ohio, who is touring in the interest of the Fourth Liberty Loan. He will have some pertinent and timely remarks and should be greeted by a large audience.

## WEST END EVENTS.

Mr. and Mrs. Lavern Hotchkiss of Kearney street have returned home, after spending several days with friends in Cobleskill. — Mrs. William Sneller of Binghamton has returned home, after spending a few days with Mrs. R. E. O'Dell of West End avenue. — Mrs. Fred Crandell of 279 Chestnut street is visiting friends in Kingston for a few days. — Mr. and Mrs. S. H. Burgett of West End avenue have returned home, after spending a few days with relatives in Pine Hill. — Mrs. Florio Hotchkiss of Kearney street has returned home, after spending several weeks with her parents in Sydney. — Mrs. S. H. Burgett of West End avenue and Mrs. Fred Hotelling of Dietz street spent yesterday in Albany.

## TO RESUME SLACKER RAIDS.

Washington, D. C., Oct. 1. — Draft slacker raids will be resumed within a few days by department of justice agents in about a dozen cities in the east and on the Pacific coast. Special efforts will be made in these round-ups to get men who failed to register on Sept. 15. Meanwhile, ample opportunity will be given for belated registration.

## Milford Red Cross Notice.

Milford, Oct. 2.—The Milford Red Cross work room will be open on Thursday for sewing on the refugee garments and on Friday for surgical dressings. As many workers as possible are urged to be present both days in order that the allotment may be completed on time.

## Go Over the Top.

Additional towns in this section which have gone over the top in the Fourth Liberty Loan campaign are Gilbertville and Harpersfield.

The river street bus leaves the corner of Main and Chestnut streets on the hour and every 20 minutes thereafter. Leaves corner of Gilbert and River street 10 minutes after the hour and every 20 minutes thereafter. Last trip at 11:10 p. m. from Gilbert street.

For Sale—One of the best located building lots in Oneonta. Elm street near Walnut, write box No. 72, care of The Star.

## FINANCIAL AND COMMERCIAL

### The New York Markets.

New York, Oct. 2.—Many mixed changes were registered during today's erratic and less active stock market. War shares displayed further heaviness which now and again extended to issues in no way identified with that group.

United States steel was again under fire, reacting slightly over a point, but retrieving most of its loss at the end. Recognized war shares, notably Bethlehem Steel, Baldwin Locomotive and half a score of others engaged in the manufacture of munitions and ordnance added one to three points to recent reverses.

Rails failed to bear out their promise of the previous day, denoting moderate heaviness after an early demonstration of strength by Union Pacific and Reading.

Oils, Motors, Shippings, Coppers, Tobaccos, and Utilities featured the constructive side at gains of two to seven points. Mexican Petroleum and Texas Company rising spiritedly in the final hour, with material rallies in most other active issues, a steady tone ruling at the close.

Bonds were irregular, Liberty issues as well as internationals showing no decided trend. Old U. S. bonds were unchanged on call.

### New York Produce.

Butter—Unsettled; receipts, 5,506. Creamery, higher than extras, 61½¢; creamery, extras (92 score), 61¢; creamery, firsts, 58½¢ to 60½¢; packing stock, current make, No. 2, 40½¢ to 41¢.

Eggs—Steady; receipts, 12,425. Fresh gathered, extras, 55¢ to 57¢; fresh gathered, regular packed, extra firsts, 54¢ to 55¢; firsts, 52¢ to 53¢; state, Penna. and nearby western hennerly whites, fine to fancy, 68¢ to 73¢; state, Penna. and nearby hennerly browns, 58¢ to 60¢; gathered browns and mixed colors, 50¢ to 57¢.

Cheese—Firm; receipts, 3,347. State, fresh specials, 31½¢ to 32¢; average run, 30¢ to 31¢.

Live Poultry—Firm; chickens, 23¢ to 26¢; others unchanged. Dressed, quiet; prices unchanged. Turkeys, spring, 42¢.

### New York Meats.

Beef—Receipts, 2,620; steady; steers, \$9.00 to \$11.10; common to fair bulls, \$6.00 to \$8.50; common to good cows, \$4.00 to \$10.00.

Calves—Receipts, 1,570; steady; veals, \$14.50 to \$21.00; culls, \$10.00 to \$14.00; grassers, \$7.00 to \$7.50; westerns, \$8.25 to \$10.25.

Sheep and lambs—Receipts, 9,590; barely steady; sheep, \$7.00 to \$11.00; culls, \$5.00 to \$6.00; lambs, \$12.50 to \$17.00; culls, \$10.00 to \$12.00.

Hogs—Receipts, 3,900; weak; New York and Penna. hogs, \$20.00 to \$20.50; roughs, \$17.75.

#### TELEGRAPHERS MAY GET RAISE.

Washington, D. C., Oct. 1.—Railroad telegraphers probably will receive soon a wage increase of between \$10 and \$25 a month. It was said today by railroad administration officials. The applications of the order of railway telegraphers for more than twice this amount of increase still are pending before the board of railroad wages, which is expected to report soon to Director General McAdoo. The increase to be suggested will be about equivalent, it is said, to that recently granted other clerks, maintenance of ways men, mechanical workers and other classes of employees.

#### U. S. OFFICERS TOOK "MASSES."

New York, Oct. 1.—Evidence tending to show United States army officers subscribed to The Masses and that one of them was Capt. David A. Henkes, who last winter was sentenced to 25 years imprisonment for desertion after having aided to resist from the American expeditionary forces, was introduced here today at the trial in the federal court of Max Eastman and others associated with him in the publication of The Masses on charges of conspiracy to hinder the nation's war preparations.

#### NEW MEXICO IN DRY COLUMN.

Albuquerque, New Mexico, Oct. 1.—New Mexico entered the dry column at midnight, when the state-wide prohibition law adopted by the voters last November became operative.

## OTSEGO COUNTY NEWS

## DEATH OF ARTHUR MARVIN.

President of Cooperstown Express in Washington Sept. 26.

Cooperstown, Oct. 2.—The death of Arthur Marvin took place Sept. 26, at the Garfield hospital, Washington, D. C. The funeral was held Sunday at his home at Woodmont, Conn., and interment was at Milford, Monday.

Mr. Marvin was born at Fly Creek, N. Y., May 25, 1847; he was the son of George H. and Anna E. Marvin. From Fly Creek the family moved to Milford, coming here to reside soon after the death of her husband. Mr. Marvin was a graduate of the Cooperstown High School, Class 1866, under the principalship of the late Dr. John I. Wright. He entered Syracuse University in class 1891 but transferred to Yale, graduating in 1893. For four years he taught the Hopkins Grammar school in New Haven, for eight years was principal of Schenectady High School; in 1895 he returned to New Haven and for nine years was registrar of the Sheffield Scientific School. From 1914 to April, 1918, he was employed by R. Hoe & Company, and Niles, Bennett, Pond Company, of New York. In April he began duties in the Ordnance section of the War Department in Washington. He was married Aug. 25, 1891, to Martha W. Root, daughter of the late Mr. and Mrs. Charles L. Root of Cooperstown. Surviving him are his mother, his wife, two sons, Harold and Vincent, two daughters, Miss Dorothy and Beatrice.

## Birth.

Ensign and Mrs. Lemaire Zabriske of Cooperstown and New York are parents of a daughter born Sunday at Cooperstown.

## Lectures in Catholic Church.

Fathers Collins and Sheridan of Albany Apostolate are holding a series of lectures here this week in the Church Our Lady of the Lake.

## Death of Stanley Noyes.

Cooperstown relatives of Mr. and Mrs. Harry Noyes of Lake George were notified Thursday of the death of Stanley Noyes, who was attending a cadet school at Franklin, Mass. Mrs. Noyes will be remembered by friends here as Miss Hattie Smith.

## COMMUNITY SERVICE FLAG.

Morris Boys With the Colors Remembered By Beautiful Banner.

Morris, Oct. 2.—Last Saturday a beautiful large service flag, with a star for each of our boys in the service of Uncle Sam, was hung to the breeze. The flag is suspended from a pole strung across Main street from the Kenyon house to the opera house block. It will attract the attention of all passers.

## Lavern Butts Speaks Here.

Last Saturday evening Hon. Lavern Butts of Oneonta was in town and made a four-minute address at the moving picture entertainment at the parish house, in the interest of the fourth Liberty Loan drive. He was accompanied by James Matteson, who talked on relatives while in town.

## Left For Their New Home.

Rev. M. S. Ashton conducted the service in Zion Episcopal church last Sunday for the last time as rector of this parish. He and his sister left Tuesday for their new field of labor in Carey, Pa., carrying with them the best wishes of a host of friends for success in their labors there.

## Will Preach in Morris.

Next Sunday, Rev. C. O. Keatter, rector of Holy Innocents church in Albany, will conduct services in Zion Episcopal church Morris on invitation of the vestry.

## Breaks Leg While at Work.

Last Friday, while at work on the construction gang in setting the poles for the electric light wires, Floyd Thompson, who recently moved here from G. Berensville, had one of his legs broken below the knee by a large pole falling on him. It broke both bones and was a square clean break. A splintering of the bones, which will take his recovery somewhat longer.

## "Mother's Tender Flowers"

Watch the tongue of your young! Children droop and wither if you permit constipation poison to be absorbed into their delicate systems. Hurry! Give Cascarets to clean the little clogged-up liver and bowels. Children love harmless Cascarets because Cascarets taste like candy—only 10 cents a box! Grand!

When a child's tongue turns white, breath feverish, stomach sour, mothers can always depend upon safe old "Cascarets" to gently, yet thoroughly clean the little liver and bowels. Cascarets are just dandy for children. They taste like candy and no child need be coaxed to take them even when cross, bilious and sick. Each 10 cent box contains directions and dose for children aged one year old and upwards.

ternoon and although only short notice was given that the train would stop here a large delegation were out. Three thousand one hundred and fifty dollars was pledged for the Liberty Loan, Miss Mary Padrone being the first person to respond.

## Mrs. Grant Convalescing Nicely.

Friends of Mrs. Morrell Grant, who recently underwent an operation at the Wanda sanitarium in Oneonta, will be pleased to learn that she is convalescing nicely.

## WAR EXHIBIT TRAIN.

About 2,000 People Visit Cars at Worcester Station Tuesday.

Worcester, Oct. 2.—It is estimated that nearly 2,000 people gathered near the station here yesterday to see the exhibits of the War Relic train. The Worcester band, Boy Scouts, Red Cross and the faculty and students of the High School formed in a parade and marched to the depot about 2:30 o'clock. As the train approached bells were rung and whistles blown. George B. Crippen, president of the bank, acted as chairman, and prayer was offered by Rev. W. D. Jones. Enthusiastic speeches were made by S. L. Strivings, president of the Federation of State Farm bureaus; Henry Stern, assistant United States attorney in New York city, and train manager Frank E. Gernon.

At the close of the addresses and band music the people were solicited for bonds and 215 subscribers bought \$45,450 worth of bonds.

Accompanying the train were some of Pershing's men, also two Frenchmen, two Canadians and four sailors, all of whom have been wounded and sent here during convalescence. The presence of these men, together with the exhibit of war relics, afforded much amusement as well as instruction and inspiration.

## Charles Cattell Called.

Charles Cattell, who has been engaged in the barber business here since last May, has received his call to the colors and left today to report at Kearsarge tomorrow. From there he will go to Fort Slocum to await further orders.

## School Closes for Teachers' Conference.

The schools in this vicinity are closed today in order that the teachers may attend the Teachers' conference at Schenectady.

## Band Concert Sunday.

Last Sunday evening the band gave a most enjoyable concert of old time favorite lyrics and patriotic selections in the Methodist church. Short patriotic addresses were given by George B. Crippen, chairman of the Fourth Liberty Loan commission, and Rev. C. B. Henry, pastor of the church.

## WEEPING ECZEMA SOON RELIEVED

## A Perfect Treatment For This Distressing Complaint

WASHER. "I had an attack of Weeping Eczema; so bad that my clothes would be wet through at times."

I suffered terribly. I could get no relief until I tried 'Fruit-a-tives' (or 'Fruit Liver Tablets') and 'Sootha Salva'. The first treatment gave me relief. Altogether, I have used three boxes of 'Sootha Salva' and two of 'Fruit-a-tives', and am entirely well!"

G. W. HALL.

Both these remedies are sold by dealers at 60c. a box 6 for \$2.50. or sent by FRUIT A TIVES Limited, OGDENSBURG, N. Y.

"Fruit-a-tives" is also out up in a trial size which sells for 25c.

ceived her into its membership in her early youth and retained her on its rolls until her removal to Stamford about ten years ago, when she transferred her membership to the Methodist church of this place.

She was active in church work, a member of the choir and the Epworth League and Sunday school. Closely connected with the affairs socially of the village she was always a welcome guest at all functions. For a long period she was one of the officers of the Stamford chapter, O. E. S., and a member of the recently organized chapter of the Daughters of the American Revolution.

It is with satisfaction that her mother and brother realize that her consciousness lasted nearly to the end and that only a short period of coma intervened between her knowledge of things about her and her passing away. The funeral will be held from the Methodist church on Friday afternoon at 2:30, Rev. A. M. Morgan assisted by Rev. J. E. Parker, pastor of the Methodist Episcopal

(Concluded on Page Eight).

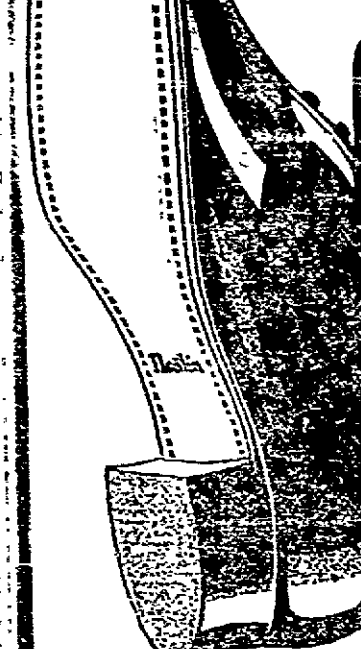

BELL'S FOR INDIGESTION

## Neolin

Trade Mark Reg. U.S. Pat. Off.

Better than Leather

## Our New Shoes Now In

The very latest thing in ladies' and gentlemen's shoes are now on display in our store—shoes soled with Neolin.

Neolin is better than leather as a shoe sole because it is as light as leather and far more comfortable. It will last much longer than good leather and is absolutely waterproof. No longer any need to wear rubbers merely because the sidewalk or ground is damp.

We have a complete stock of new styles. Let us show you this superior sole.

## DELAWARE COUNTY NEWS

## CORPORAL BARTON KILLED.

Former Well-Known Company C Boy Gives Life for Country.

Sidney Center, Oct. 2.—News was received here last week of the death of Corporal Wilbur Barton of Ogdensburg, one of the Company C boys, who was later transferred to the Rainbow Division, and who was reported in the casualty list as killed in action. Corporal Barton spent the summer of 1917 in this village on patrol duty.

## Loan Campaign Starts.

The campaign for the Fourth Liberty Loan began here today. A meeting of the committee was held last evening to discuss plans and the chairman, E. Comstock, announced that Sidney Center's quota for this loan is \$15,400. There is no doubt but that this district will make good as in all previous loans.

## Rev. Terry to Occupy Pulpit.

Rev. S. A. Terry of Oneonta will occupy the pulpit in the Methodist Episcopal church next Sunday morning and administer the Sacrament of the Lord's Supper. In old-fashioned Love Feast will be held at 10 o'clock.

## Harvey Perkins on Furlough.

Harvey L. Perkins of the United States Ship Alert has been spending

a seven-day furlough with his mother, Mrs. H. J. Perkins, at the home of Mrs. John Whitney.

## Resigns Position.

L. Brewer has resigned his position with the Borden company here and has obtained a situation as motor-man with the Binghamton Street Railway company.

## Junior Epworth League Organized.

The Junior Epworth league of the Methodist Episcopal church has been reorganized with Mrs. A. H. Landmesser as superintendent and with the following officers: President, Miss Doris Simpson; vice president, Miss Emily Roney; secretary, Miss Dorothy Bowman; treasurer, Miss Leona Smith. Meetings are held each Wednesday afternoon at 4:15 o'clock at the parsonage.

## Woman's Club Meets.

The Woman's club will hold its first meeting of the season next Wednesday afternoon at the home of Mrs. H. W. Pewer, when officers for the coming year will be elected. A Liberty Loan program will be given.

## Personals.

Rev. and Mrs. Verner Mumbulo of New Berlin were guests of Rev. and Mrs. Landmesser over Sunday. Rev. Mumbulo occupied the pulpit in the Methodist church Sunday morning. The Epworth league will hold a social in the church parlors Friday evening. Mr. and Mrs. James Hodges returned Wednesday from a motor trip to New York. They were accompanied by Mr. and Mrs. Edmund Howes—Mrs. M. B. Dewar has been elected as president of the Hook and Needle club to fill the vacancy caused by the removal of Mrs. S. D. Russell.

## MISS IVA A. DE SILVA.

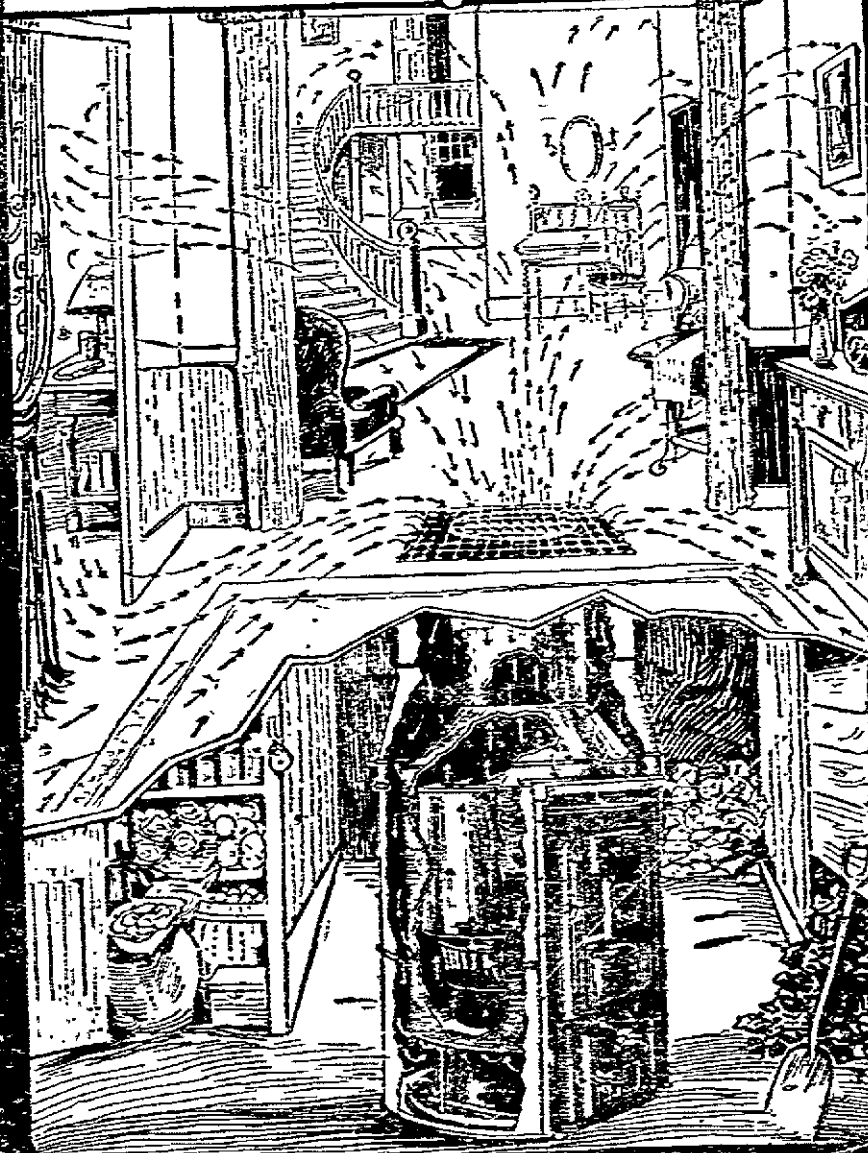

Sister of Stamford Editor Passes Away Yesterday.

Stamford, Oct. 2.—The news of the death of Mrs. Amanda De Silva, while not unexpected, filled the hearts of her many friends in Stamford with grief when the news was told in town. Her illness was of considerable duration, although the acute portion of it covered only a comparatively short time. She had been feeling poorly for some months past, but had not counted her condition as in any way serious or critical, but at the last she developed Bright's disease in an acute form and her final end was greatly hastened. Miss De Silva was a woman who had during her lifetime in Stamford made many good and lasting friends. Of a cordial disposition and even temperament she held a warm place in the hearts of all her friends and acquaintances. Her connection with the Mirror-Recorder was of an important character and during the absence of her brother a couple of years ago in the south she assumed the entire charge of the publication and editing of the paper.

Her birthplace was in Grand Gorge and she was the only daughter of Everett and Mary De Silva. She would have reached the age of 37 on the fourth of November next. The Methodist church of Grand Gorge re-

# "One Pipe does it all"

## The Magee One Pipe Furnace

## Is New in the Heating World

and is recommended by the manufacturers from the standpoint of Efficiency and Economy.

MAGEE One Pipe Furnaces have but one pipe and one register, so designed that it does the work of many.

MAGEE One Pipe Furnaces are reasonable in price; burn hard coal, soft coal, coke or wood, and the cost of installation is much less than any other style of heater.

MAGEE One Pipe Furnaces mean a cool cellar. You can keep your vegetables without trouble—for the outer section of the furnace is filled with cold air and throws off no heat, and the inner casing is insulated with air called asbestos packing.

MAGEE One Pipe Furnaces are practical for almost every house. Write for particulars, showing if possible, arrangement of your rooms, and we will advise you if the MAGEE One Pipe Furnace is suitable for your particular requirements.

## NO VOTING OVER SEAS.

Though the state of New York had carefully prepared to take the vote of its soldier boys over seas, the general government feels that on account of the exigencies of the great campaign it is not a feasible thing to do. In view of the constant movement of the troops, it is not believed that it would be practicable to attempt in any manner to secure the votes of the soldiers, at least until military conditions are greatly modified.

The authorities of the state, like the good patriots that they are, cheerfully acquiesce in the suggestion of the war department. The paramount duty of the country today is to win the war, and no one would in any way embarrass the war department, the commanding officers or the men in their efforts toward the establishment of permanent peace. This is the view of Secretary of State Hugo. and it is most creditable.

The men of New York, who are in the navy or in the army camps in this country, however, will be voted through the same channels as a year ago. In the larger camps representatives of the state will handle the elections, and in the far camps where there are few state men they will be reached by mail.

## THE PANIC IN BERLIN.

There is panic in Berlin, say dispatches from Holland, over the surrender of Bulgaria and the steady advance of the allies in France, Belgium, Palestine and elsewhere. Even the kaiser is said to be alarmed and he appeals to the people to stand firm and bolsters them up with doubtful promises and vague assurances.

Panic in Berlin—why should there not be panic there and everywhere in the land of the Teutons? When the German skies were bright with promise of victory, such panics as the rape of Belgium, the massacre of Armenians, the destruction of French villages and cities and the ruin of cathedrals, the Lusitania horror and the tragedies of the general submarine warfare were things at which the Huns could look complacently.

There loomed for them at that time no thought of a day of reckoning or repayment. What were to them the lives of men and women and of children, what the devastated fields and ruined cities of the allies? They were a part of the game and never, it seemed, was the bill to be rendered.

Just now, with Bulgaria out and Italy cut in twain, and with the allies hammering at the gates of Germany itself, these things come back to trouble them, since now they realize that the loser must pay, and that they are the losers. For this reason there is alarm, with peace riots and rising wrath at the kaiser. But most of all, doubtless, there is the knowledge that there is a day of fearful reckoning at hand, not merely for the All-Highest, but for the people of his kingdom who have abetted his plans and have profited, if profit there were, through his wickedness.

## A PLEA TO THE FARMER.

The government of the state and nation is making a plea to the farmer to cut and burn wood this year to a greater extent than has been done in many years. That the plea will be heeded there is hope. There is reason for wood consumption in that it will to a large extent conserve the products of the coal mines, which it is evident will be needed elsewhere, for the use of ships, of manufacturing plants and for domestic use in cities and towns where wood cannot easily be obtained.

In this emergency it is to the farmer that the appeal must naturally be made. There is hardly a farm in the east where there is not plenty of wood going to decay, or of wood of a sort useful only for fuel, to keep the home fires burning not only this year but indefinitely. The comfort of the coal fire, however, and the fact that it requires much less attention has led a very large proportion of the people of rural communities to burn coal at least in furnaces or in the parlor and sitting room heaters. Even though there is an unusual, urgent demand for coal for patriotic purposes now, it seems hard to go back to the old customs.

For this reason the fuel conservation commission will urge that a special effort be made the coming winter to get along without coal wherever possible, and in every case with as little coal as possible. It is a patriotic duty of the moment, but more than that, the consumption of coal is absolutely destruction of a not-plantable source of heat. Wood may be burned and where trees are cut down trees will grow again, but a ton of coal burned can never be replaced. Not only, therefore, on account of present conditions but for the good of the world and of our descendants in ages to come it is our duty to conserve coal.

## Arrives Overseas.

Mr. and Mrs. Shatts have just received word that their son, Edmund, has arrived safely in France.

## LETTER FROM DR. TARBOR.

Quotes Two Timely Poems From  
Kenneth Graham Duffield.

Editor Star:  
Somebody's boy has crossed the sea,  
To do the fighting for you and me.  
Let's call him "Bill"—he's any man's  
son  
That carries a pack an' shoulders a  
gun.

Over in France in th' dirt and mud,  
There's a boy ur' ours;  
He said he'd fight till th' war was  
through,  
And leave th' rest t' me an' you.  
We promised t' help in every way;  
If we couldn't fight we said we'd pay.  
It's up to us, we can if we will;  
Let's stop our fussin' and pull for  
Bill.

What does it matter when all is done,  
T' you an' me,  
T' keep our money, but lose th' fight,  
An' bend our necks to th' German's  
might?  
Let's learn to save an' go without;  
Our money is talkin'—let's make it  
shout.

It's up t' us, we can if we will;  
Let's pull together an' pull for Bill.  
It's easy t' stand a wheathless day  
If it's helpin' Bill.  
We'd rather be cold than have it said  
We used th' coal when he needed  
bread.

It isn't much an' it's rather small  
T' give so little when he gives all.  
It's up t' us, we can if we will;  
Let's stand together an' stand by  
Bill.

How would you like t' take his place  
Out on th' front?  
How would you like t' be young and  
strong.

A-doin' your part t' right th' wrong  
Your part's at home—it's hard, I  
know,  
T' stand aside when th' others go.  
It's up t' us, we can if we will;  
We'll pull together—we're all for  
Bill.

The above, from the pen of Kenneth Graham Duffield, is quite proper at this time, when we are all asked to buy "Liberty bonds." Let's advance the line "ever there" by filling our allotment, and as soon as possible, and victory will soon be ours. If one were asked to buy a mortgage on John D. Rockefeller's home, or Carnegie's Fifth Avenue mansion, he would respond quickly. Well, this bond is such a mortgage, on the richest man's home, as well as that of the humblest citizen of our great republic. In years to come, we are going to be very proud possessors of our "Liberty" bonds, and the humble part we took in the great struggle for the safety of our land and the world.

Also, I am quoting, "A Father's Prayer," by the same author, and I know it will find a ready response in the hearts of your readers.

## A Father's Prayer.

I ain't been much on prayin', God,  
Er g' in t' church.  
I've tried to do what I thought wuz  
right,  
A-helpin' my friends an' treadin' 'em  
white.

I may be sharp on a business deal  
I haven't lied an' I wouldn't steal.  
An' so I'm askin' you, God, tonight;  
Watch over Bill when we start t' fight.

I know you've a lot ur work t' do  
—Way over there.

A-watchin' th' Hun at his hellish  
play.  
An' countin' th' souls ez they fly away.  
Bill's only a boy, but he had t' go.  
With mother an' ma a-lovin' him so.

An' so we pray, dear God, tonight;  
Watch over Bill when we start t' fight.

We're lonely, God, an' want our boy,  
Across th' sea.  
All we can do is wait an' pray;  
It's hard t' bear with him away.  
Oh, keep him clean an' brave an'  
true:

He's fightin' for mother an' me an'  
you.  
So hear ma, God, ez I pray tonight;  
Watch over Bill when we start t' fight.

We all know it will end somehow,  
some day.

Ex all things do.  
Th' dead will sleep in the mad man's  
track,  
An' only th' strong 'ome marchin'  
back.

We'll count it lost if th' fight is won.  
Th' price ur success—our only son.  
An' so I pray, dear God, tonight;  
Watch over Bill when we start t' fight.

Very truly yours,  
Oren C. Tarbox, M. D.

## THE WEATHER FOR SEPTEMBER.

Heat, Moisture and Prevailing Winds  
in Oneonta Last Month.

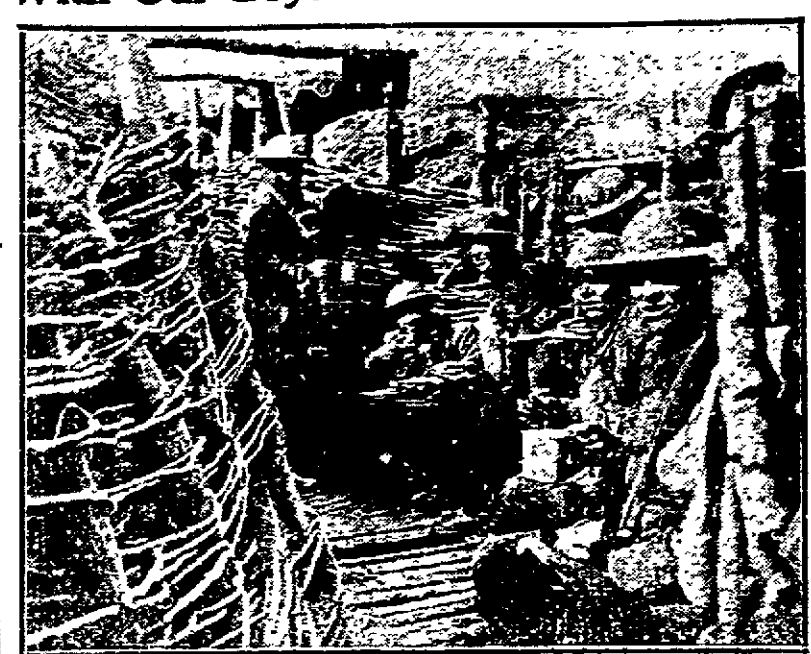

During the month of September, according to the records kept in the government meteorological station at this office, the highest temperature in Oneonta on any day in the month of September was 84 degrees, on the fourth. The lowest temperature was 21 degrees, on the thirtieth; the mean maximum was 67.5-14 degrees and the mean minimum was 45.7 degrees. The first killing frost was on September 11.

The total rainfall for the month was 3.37 inches and the greatest in any one day was on the 25th, when 1.24 inches fell. There were 10 days on which there was a measurable amount of precipitation, 11 clear, three partly cloudy and 16 cloudy days.

As is usually the case, the winds of the month were westerly.

Basket Meeting at North Franklin.  
The annual basket meeting of the Woman's Missionary society of the Franklin Baptist association will be held at the North-Franklin Baptist church Friday, Oct. 4. There will be a conveyance at the trolley station, leaving at 9:45 a. m., to take all who wish to attend; also stopping at W. S. Ford's store, below viaduct, for passengers.

## With Our Boys at the Front in France

Copyright by Committee on Public Information.  
If you know what it means to have a comfortable meal at home, you can appreciate the life of our soldiers by studying this picture. The men are at mess in the front line trenches directly under fire of the enemy. The Liberty Bonds you buy not only supply them with food, but keep them in fighting condition.

## SUNDRY EDITORIAL COMMENT

## The American Shotgun.

That Germany, with its poison gas and liquid fire and planted bombs and submarine assassinations, should feelingly protest against the use of shotguns by Americans in open warfare as a weapon "causing unnecessary suffering" will be a mild surprise to some people. When frightfulness is shocked by a shooting-iron of any kind and thus exposes its lacerated feelings, it must be that some of the depths of Prussian humanity have at length been sounded.

But what most will impress a compassionate world is the accompanying argument that needless cruelty in war is forbidden by The Hague Convention. A civilization which has witnessed the devastation and enslavement of Belgium and Northern France, the destruction of hospitals and hospitals ships, the massacres in Serbia and Armenia and the wholesale plundering of Russia and Roumania—is that to stand aghast or is it to smile grimly at the violence done The Hague Convention by the honest shotgun?

Pleading guilty to this awful charge, Americans will at least be consoled by the knowledge Berlin now seems to possess that there is such a thing as public law mercifully governing the conduct of war. If, after more than four years of Prussian savagery, the persuasive influence of the American shotgun has brought autocracy to a re-examination of the principles of that law, even though it has led to mistaken conclusions, let us all be thankful for the shotgun.—[New York World.]

## A Question Answered.

The Remen "Weser Zeitung" nine months ago said: "One million Americans are coming to Europe to meet the most perfect instrument of war that any age has ever seen. Can they meet it successfully?"

On Thursday, Sept. 25, the Americans and French launched another terrific offensive over a fifty-mile front. This on top of five previous drives in nearly all of which Americans participated, and all of them in a few weeks, regaining vast territory that took "the most perfect instrument of war" from March 21 to July 15 to achieve.

How would the "Weser Zeitung" today answer its own question?—[Buffalo Commercial.]

## Judgment is Yet to Come.

Count von Herding complains that Germany's enervate, entertain toward her "a hatred which eschews all moderation," and which precludes judgment. The loathing which the world of civilization feels toward Germany is one of moderation, for no loathing could measure fully up to the requirements of Germany's crimes. It is not a loathing which "excludes judgment," however. Judgment will come after victory and before peace.—[New York Herald.]

## His Mental Condition.

That the kaiser could be evicted by a specially prepared sham attack by submarines upon vessels used to represent troops and conveying ships indicates what his mental condition is.—[Albany Journal.]

## A Campaign Note

"What a manly looking little fellow!" admiringly said the candidate, indicating four-year-old Bearcat. "Is shore is, Podner?" admitted Mr. Gap Johnson of Rumpus Ridge, Ark. "You just ought to hear him cuss when he takes his quinine."—[Judge.]

## Which Will Follow First?

Whether Austria or Turkey be the first to follow Bulgaria matters little. That they sooner or later will both go the same way is as certain as that Bulgaria has been the first. But there must be no letting up of effort on the part of the Allies. As regards ourselves we must still go on sending across men and munitions and raising money, and recent events should be a stimulus to the Fourth Liberty Loan. It is a long way to Berlin, and the Hun has yet to be cleared, lock, stock and barrel, out of every country where he has planted an invader's foot—from Belgium, France, Roumania and Russia.—[New York Herald.]

## Linen for France.

The Oneonta chapter's allotment: 400 sheets, 62x99; 750 bath towels, 16x28; 1,500 hand towels, 18x30; 1,050 handkerchiefs, 75 napkins. Handkerchiefs may be made from old sheets and napkins from old tablecloths. If each family would contribute from their own supply, just one article, this demand could be met without a drain on the market.

Contributors will be received all this week at headquarters or will be called for by phoning 79-J.

## ELECTRIC LIGHTS FOR MORRIS.

Public Service Commission Asked for Permission to Operate.

The Morris Light and Power corporation, incorporated to operate in the villages of Morris and Gilbertsville and the towns of Morris and Patterson, has made application to the Public Service commission, second district, for permission to operate a lighting franchise in the village of Morris and to begin the construction of a lighting system there as soon as possible. The company was formed on September 21, 1918. It was granted a franchise by the Morris village authorities on Sept. 27. It is understood that the new company will be backed by the Lynn Tractor interests.

Morris village has never had electric lighting facilities and for many years its inhabitants have been desirous of securing this service. The petition states that a private corporation has developed a large water power and that it will sell surplus power to the Morris company upon reasonable terms. The village, at an election, ratified a proposal to make a contract with the company for street lighting for five years and there were only seven votes against it. The present village system of oil lamps is unsatisfactory to the great majority of the Morris people.

It is estimated that the lighting system will cost about \$7,500. The company will borrow the money temporarily to meet the construction cost and when the line is completed and in operation the company will issue stock and bonds to meet the cost of construction and pay all notes issued. The commission will take immediate action so that the work can be progressed as speedily as possible.

## RONAN BROS.

## New Fall Fashions

Here beauty and quality are finely linked with economy in the new fall fashions for Women and Misses.

## Timely and Important News in Millinery

We look for the first week in October to be our busiest days in millinery and we have prepared for it splendidly and generously. We have added trimmed hats from our own work rooms, new collections of ready-to-wear hats, and particularly those snappy, simply trimmed practical hats.

## Trimmed Hats, \$5.00, 6.00, 8.00 and 9.00

Plain and Lyon's velvets, panne velvets, and beavers, ranging from the little close-fitting hat or soft crush tam, to the large drooping hats with their undulating brims. In black and all fashionable colors.

## Feather Hats, \$5.00, 6.50, 7.50, 8.00 and 9.00

Fashion puts wings and feathers to clever use. Some striking models are made entirely of feathers; some have feather crowns; some show wing brims; and others show wing trimming.

## Ready-to-Wear Hats, \$1.98, 2.50, 3.50, 5.00 and 5.90

## Velour Sport Hats, \$3.75, 4.50, 5.00 and 5.90

## Displays of Coats, Suits, and Dresses are at High Tide Just Now

These are banner days for selection—everything is spick and span new, and so plentiful that, having made selection, one feels satisfied that a better choice could not have been made, as the market affords nothing better.

Practical Tailor Made Suits \$19.00, \$22.50, \$25.00, \$29.75.  
Dressy Cloth Suits, \$32.50, \$37.50, \$40.00, \$47.50.  
Practical Street Dresses, \$13.50, \$17.50, \$20.00, \$22.50.  
Lovely Afternoon Frocks, \$25.00, \$32.50, \$39.00, \$45.00.  
Serviceable Top Coats, \$16.50, \$19.75, \$22.00, \$25.00.  
Elaborate Dress Coats, \$35.00, \$47.50, \$65.00, \$75.00.

DRY CLEANING

The Boys Have "Come Through"  
---Have You?

The boys have "come through," as Americans always do at the Marne, Chateau Thierry, Seicheprey and St. Mihiel.

They are doing their part—the hardest part—and now again we have the privilege of doing ours, puny in comparison, by subscribing to the Fourth Liberty Loan.

Make every dollar you can possibly spare a fighting dollar—lend your money to the Government to wage humanity's greatest crusade.

The more tanks, artillery, airplanes and munitions we have, the less will be the toll of American blood—your money will help supply these. Knowing this, can you conscientiously hold back from subscribing for Liberty Bonds to your fullest capacity? It's your turn to "come through."

### LOCAL MENTION.

The semi-annual Missionary tea of First Presbyterian church will be held Friday evening from 5:30 until all are served.

Harry Howland has purchased of the Cepertley C. Morgan Real Estate company three vacant lots on Morgan avenue, upon which, not unlikely, he will build at a later date.

Rachel Bliss of the Bliss hospital on High street is ill at her home, suffering from a slight shock sustained a few days since. Her condition is considered to be improving.

The ambulance was out yesterday to remove Mrs. Frank Underhill from the Fox Memorial hospital to her home at 22 Cliff street, her condition having improved sufficiently to permit her to return home.

There is little or no change in the condition of Joe Delillo, the section foreman injured critically when a motor truck car overturned at Nineveh last week. He suffered a fractured skull and his recovery remains in doubt.

R. C. Briggs, county fuel administrator, was in Binghamton yesterday in attendance at a conference of associate officials from other counties relative to the approaching winter season and the problems that will be encountered.

Miss Hattie Arnold, who some time ago resigned her position at M. Gurney & Son's store, has accepted a position at the store of B. F. Sisson, where she will occupy the place made vacant by Miss Hecox, who is soon to remove from the city.

### NEW TEACHERS ENGAGED.

Misses Clara L. Hunter and Sarah L. Green Join Normal Faculty.

At a meeting of the local board of the Oneonta State Normal school, held at the Wilber National bank on Tuesday, Miss Clara L. Hunter, daughter of Mr. and Mrs. W. A. Hunter of this city, who, since her graduation from the Oneonta Normal school, has been successfully engaged in teaching at Bainbridge, was elected to a position as critic and model teacher for one year.

At the same time Miss Sarah L. Green, whose home is in Cambridge and who also graduated from the local institution, class '15, was elected to a similar position for the same period. Miss Green since her graduation has been teaching in Pelham Manor.

Misses Hunter and Green had perfect records at the school and were considered among the most capable young women recently graduated. Miss Hunter has commenced her work, but Miss Green will arrive in a short time, when a successor has been secured for her present position.

### TO TAKE DOUBLE AMOUNT.

Locomotive Department of D. & H. Making Good Showing Indeed.

The Fourth Liberty Loan bond sale for the Oneonta Locomotive department began Saturday, September 28, at 11 a. m., with the following committee in charge: J. F. Donellan, chairman; W. D. Bagnall, F. M. Coleman, J. Pierce, H. Muir, F. Olin, W. Seidel, William Storer, William J. Williams, Michael Hurley, Earl Christiansen and George Marks.

The total number of bonds sold to date for the Oneonta Locomotive department amounted to \$50,000 and the total for the Locomotive department, Susquehanna division, is \$65,250.

The total number of bonds sold on the Third Loan amounted to \$45,000 for the Locomotive department. This department aims to sell at least \$30,000 worth of bonds this time. The men are all interested and feel they will be able to purchase at least \$30,000 worth of bonds on this division.

### Meetings Today.

The W. B. A. O. T. M. Embroidery club will meet with Mrs. D. R. Preston this afternoon. Please bring sugar and Red Cross sewing.

Regular meeting of L. C. B. A. tonight in K. of P. hall at 8 o'clock. Assessment No. 345 expires at this meeting.

Regular meeting of P. P. Cooper encampment, No. 112, this evening at 7:30. Installation of officers, followed by refreshments.

The St. James' guild will meet this afternoon at the rectory at 2:30.

The splendid result obtained Saturday by the Wilber National bank in entering subscriptions to the Fourth Liberty Loan surpasses all records heretofore made in this vicinity. Total subscriptions of \$185,349 from 59 subscribers is indeed gratifying.

This bank will use untiring efforts to make the quota of Oneonta go well over the top and offers its services in this patriotic cause free to all whether depositors of the bank or not. Subscribers in non-banking communities will be faithfully cared for and credit given to their towns.

### Cider Barrels for Sale.

Unit Oct. 9, F. S. Patridge will keep his store open from 9 a. m. to 4 p. m. to dispose of cider barrels and tobacco. Parties having any empty cases and bottles of mine, please call phone 329-W and I will call for them. F. S. Patridge.

The Hat Shop is having a week-end showing of hats for all occasions. Miss Hillon, 10 Washington street.

The taste tells. Kippocoffee is superior to most brands for purity, strength and economy.

### DEWAR'S CADILLAC STOLEN

BOLD THIEF DRIVES NEARLY NEW DEMONSTRATING CAR AWAY.

Taken From Private Garage of Assistant Postmaster J. A. Dewar Early Wednesday Morning - Believed to Have Headed for Binghamton or Pennsylvania.

"The cuss knew where to get a mighty good car" was the comment of Assistant Postmaster J. A. Dewar yesterday in referring to the theft of a new Cadillac eight, seven-passenger touring car stolen from his garage and stable combined at his residence, 52 Chestnut street, early Wednesday morning. Mr. Dewar returned from a dinner party at the Country club shortly before midnight and placed the car in the garage, retiring shortly after. Yesterday morning about 7 o'clock, when he left the house for the garage, he was surprised to see the door open and asked of himself if he left the door open the previous night. Not until he entered the garage and found his demonstrating car gone and two tires with rims missing from another new Cadillac car in the garage did he realize that a bold thief had stolen the car and made away with it. Later it was disclosed that the thief or thieves had visited the adjoining garage of Mr. Merton L. Ford and taken two jacks to place under the second car to permit the removal of the two tires and rims. From the Ford garage the thieves had taken about 17 gallons of gasoline with which to fill the Dewar Cadillac, which had left in it only about two gallons of gasoline. They had taken also the blankets from the car of Mr. Ford. They carried off also the blankets from the Dewar garage and with the one extra rim and shoe on the stolen car, they left with three extra rims and tires.

Mr. Dewar soon found Chief T. W. Blizard and telephone messages were at once sent to the police departments of various cities in this and adjoining states. Later the Oneonta Auto club officials got in touch with the New York State Automobile association at Albany, which issued notices which were sent out over this and near by states, while Chief Blizard sent out postal cards giving a description of the stolen property and announcing that the owner would give a reward of \$200 for the recovery of the car. The local Automobile club also issued postal cards giving a description of the car and accessories, which were sent out to garages and motor clubs in this and adjoining states. At a late hour last night no word has been received of the missing car.

The only clue indicative of the hour at which the car was taken and the direction gone is given by Dewey Torrey, who was returning from a trip down the valley and when near Shady-side at the Plains met a car moving rapidly going toward Binghamton. The time was about 1:30 a. m. It may be accepted that when young Torrey says that it was moving rapidly that its driver was wheeling some. Mr. Torrey thought at the time that it looked like the Dewar car, but gave no further thought to it until he learned yesterday that the Dewar car had been stolen. He did not note the appearance of the driver nor the number in the car.

The job appears to have been the work of a professional automobile thief. He selected a first class car, one that is always kept in excellent running condition. He also had a garage which is isolated from street lights and the car is one that could be started and backed out to the street without so much as arousing the family cat were she asleep in the tonneau. It is a car that sells readily always.

Mr. Dewar admits that he could not have moistened a postage stamp while on the way down town and that for the first time in his life he felt toward the thief as the Huns are acting toward humanity, when he entered the barn. Later in the day he viewed the matter philosophically. He has offered a reward of \$200 for the recovery of the car and the automobile clubs offer an additional \$50.

The car is a 1918, seven-passenger Cadillac, with gray body and natural wood wheels. It had when taken, which probably were changed, however, dealer's number plates 5149F and the engine number is 572879. Three extra tires and rims, 35x5, were taken. Any information about the car should be sent to T. W. Blizard, chief of police, Oneonta, N. Y.

### Condition Remains Critical.

There is no improvement in the condition of Hon. J. Lee Tucker, who was stricken with apoplexy shortly after midnight Tuesday morning. There resulted a paralysis of speech and the right side and his attending physician, Dr. Tarbox, views his condition as very grave.

### Harvest Supper at Elm Park Church.

The Ladies' Aid society of the Elm Park church will hold a harvest home supper at the church, stop 6-A on the trolley, Friday evening, October 4, at 6 p. m. Price of supper, 35 cents. Everybody cordially invited.

### Water Rents

Are due and payable to the office of the company without commission from October 1 to 20 inclusive. Office at Wilber National bank and open during banking hours and from 7 to 8 evenings.

### For Sale.

Four good second-hand 34x4 tires. Will sell cheap. Phone 272-W.

### For Sale.

House with modern improvements. 22 Spruce street. Inquire M. E. Farmer.

Wanted—Permanent man to work on counter. Good wages with board. Man free of new draft preferred. Pioneer lunch, Dietz street.

### NO HEATING PLANT SIGHTED

Company Refuses to Execute Guarantee in Accordance With City's Understanding.

No new heating plant will be installed in the Municipal building unless the Babcock company consents to execute a guarantee in accordance with the proposal which they made to the city when soliciting the order. The decision reached at the meeting of the common council held last evening, after City Counsel Owen C. Becker reported that the officers of the company had first sent on a guarantee issued by their company's engineer, which gave no evidence of having been authorized by the company. Afterwards Mr. Becker forwarded a guarantee drawn in accordance with the city's understanding of the proposal, which they have refused to execute, referring in their reply to the "city's smart attorney." It is surmised that the company may have found that it could not secure the necessary material and is now seeking to avoid the installation. The matter was referred to the finance committee with instructions to report to the board in case the company executes a valid guarantee approved by Mr. Becker. In the meantime the city will go along with the present heating plant.

Mr. Becker reported that after an interview with the owners of the new garage on Broad street they had agreed to move the gasoline pump, recently installed, back to the street line as requested, but that they have asked for a few days' delay until a new pump arrives, which will be installed at the desired location.

Reports relative to the use of the powerful searchlights on the main trolley cars, it was stated that the company officers report that the cars are equipped for dimmers to be used within the city limits and that any failures to use the dimmers should be reported to the company and the trouble will be rectified. In the event of failure, the trouble will be referred to the city police for action.

Upon motion of Alderman Lauren, seconded by Alderman Tamsett, the salary of Mrs. Mills as deputy city clerk during the absence of City Clerk Close was fixed at \$75 per month during the absence of Mr. Close for service. All aldermen present, including Messrs. Coy, Lauren, Morris and Tamsett, voted affirmatively.

Complaint of a sink hole in the pavement near the north approach to the viaduct, in which the water stands much of the time and in which pedestrians step unless familiar with the conditions, was made and it was ordered referred to the public works department.

Mayor Cepertley reported that the New York State Conference of Mayors is endeavoring to arrange so that cities may purchase coal direct from the mining companies and that this may enable the city to secure a supply of coal at less expense than formerly.

### READY FOR BIG DRIVE.

Maintenance of Way Department Names Committees and at Work.

The maintenance of way department of the Delaware & Hudson company, comprising the engineering, bridge and building, and track forces, is ready for the big drive in securing subscriptions to the Fourth Liberty Loan.

This department has gone "Over the Top" with colors flying in the preceding campaigns and the committees in charge expect to greatly increase the amount of subscriptions in the present campaign.

The following committees have been organized and the work of securing subscriptions will be prosecuted with the utmost vigor during the period of the campaign.

General Chairman—J. M. Sullivan, division engineer, Oneonta.

Vice-Chairman—D. B. Eddy, assistant road master, Oneonta.

Office and Engineering—C. P. Currier, chief clerk, Oneonta.

Bridge and Building—Chairman, G. W. Silberman, bridge and building master, Oneonta. E. Stringer, carpenter foreman, Oneonta. E. Bugbee, mason foreman, Oneonta. G. Sawyer, mason foreman, Oneonta. G. Riley, district water service foreman, Oneonta.

Track Forces—Binghamton to Oneonta, chairman, George Smith, road master, Oneonta. Seymour Delillo, section foreman, Afton.

Oneonta to Delanson, chairman, W. H. Koch, road master, Oneonta. D. Tule, section foreman, Cooperstown.

C. Mahar, section foreman, Cherry Valley. J. C. Mahar, section foreman, Schoharie Junction.

Delanson to Mechanicville and Albany, chairman, T. F. Lawler, road master, Schenectady. W. J. Leaver, clerk, Schenectady.

### Oneonta Plains Red Cross Meeting.

The Oneonta Plains Red Cross will meet at the home of Mrs. Peter VanWoert on Friday afternoon, Oct. 4. All members and any others interested are requested to be in attendance, as there is special business of importance; also many workers are needed for the making of refugee garments.

### Plains W. C. T. U. Meeting.

The Plains W. C. T. U. will meet this afternoon at 2 o'clock with Mrs. Carrie Crandall.

### For Sale.

Dandy eight-room house, rear round house, in fine condition, city water, sewer, toilet, bath, stationary range, large lot, garden. Possession Oct. 1. A bargain \$2,500. Fred N. VanWine.

### Wanted—At the Dairy lunch dining room girl to work nights. Permanent employment to right party.

Have your carpets cleaned at the Oneonta Carpet Cleaning works. Phone 1135-W.

376 Wright's delivery.

# FASHION SHOW

## Friday, Oct. 4, 1918.

Following the custom which we inaugurated in this city in the spring we shall show garments for the Fall and Winter season on Friday afternoon from 3:30 to 5:50 p. m.

The new styles follow for the most part the tendency which has prevailed in the near past—conservative ideas predominate. There is an absence of anything extreme, and the more elegant models are somewhat severe in tone as is befitting the times.

Coats will be long and form fitting. Collars large and muffing to the neck. Sleeves are either with deep arm-hole, raglan or kimono effect, as best fits the style. Suits as a general thing will be fingertip length and tailored models will prevail. Both coats and suits will be made with and without fur trimming.

These features can be observed to excellent advantage as the garments are shown on living models. We know you will find the showing of interest and invite you to be present and inspect the garments.

**M. GURNEY & SONS, Inc.**  
W. W. CAPRON, Pres. and Treas.

## The Watch for the Railroad Man

Brigham gives particular attention to railroad watches. Our stock is kept complete in the various makes which have proved themselves to be the most reliable watches for men in the railroad service.

If you have a favorite railroad watch, you will find it here in a case which will appeal to you. If you have no choice, we will be glad to show you reliable makes and explain the features of each so that you can form an intelligent opinion of their respective merits. Prices range from \$35 to \$80.

Brigham's prices always represent the greatest watch value possible to obtain.

## PERSONALS.

Alva Seybolt esq. is in New York on business for a few days.  
Mrs. Addie Harrington of Hartwick was in Oneonta yesterday.  
Mrs. Clair Stewart of Meridale was an Oneonta shopper Wednesday.  
S. H. Sherman of Milford was a business caller in the city yesterday.  
Albert Pluckiger of Oneonta was a business visitor in the city yesterday.  
Mrs. J. P. Goodenough has gone to Elmira to visit her son, William, who is ill.

A. S. Gregory of South Hartwick was a business caller in the city yesterday.

Mr. and Mrs. William Patten and child were in Albany yesterday for the day.

Albert Morris of the firm of Morris Brothers was in Albany on business yesterday.

Mrs. Lynn Clark, 7 Lawn avenue, is visiting her mother at Homer for several days.

Mr. and Mrs. L. H. Young of 14½ Broad street were in Albany on business yesterday.

Mr. and Mrs. Charles Everett of West Davenport were in town Wednesday on business.

Attorneys Charles R. and A. L. O'Connor of Hobart were business visitors in the city yesterday.

Mrs. J. G. Abbott and two sons of River street last evening left for a visit with relatives in West Nanticoke, Pa.

Mrs. J. H. Hiscox of Stamford was in Oneonta yesterday on her way to Buffalo, where her husband is in business.

Mr. and Mrs. P. L. Burdick, Miss Nina Waters and M. A. Edison, all of Otego, were Oneonta shoppers yesterday.

Fitch Gilbert, accompanied by Mrs. Kuno Kranke and Mrs. Kellogg, all of Gilbertsville, were shoppers in the city yesterday.

Mrs. G. A. Walker and Mrs. O. D. Ball of Otego were in town yesterday. Friday Mrs. W. L. leaves for Bay Shore, L. I.

Marguerite Hall, after a three weeks' visit with her sister, Mrs. Melvin Grant, 79 Ford avenue, returned to her home yesterday.

Mr. and Mrs. J. Tilley, 342 Main street, returned to their home last evening from a short visit with friends in Kingston.

Mrs. Frances A. Robinson, who had been visiting her brother, H. W. Moreau, of this city, returned yesterday to her home in Saratoga.

Mrs. Minnie Arnold and Miss Lula Arnold left last night for Winsor, Ontario, to visit their former's son, Clyde Arnold, of that place.

Mrs. Lillian Blanchard of 30 Valleyview street left yesterday for a few days' visit with her daughter, Mrs. W. H. Marnett, in Kingston.

Mrs. William Tucker and niece, Mrs. J. Stretch, of Newark, N. J., have returned home, after a visit at the home of C. F. Tucker at Mt. Vision.

Mr. and Mrs. R. D. Primm and two children reached home yesterday, after spending two weeks with Mrs. Primm's father at Comstock.

Mrs. Sarah Bryden and daughter, Carrie, and son, Herbert, after a short stay in town, returned to their home in Shavertown, Wednesday.

Mrs. M. J. Phillips, who had been visiting her grandson at Mt. Vision, who is about to leave for camp, returned to her home at Milford yesterday.

Miss F. Louise Donaldson, who has been at the home of Mrs. F. E. Wright, 388 Main street, for a few days, left yesterday for her home in Cambridge.

Mrs. A. H. Comstock of New York city, who had been the guest of her nephew, W. R. Walrath, of 18 Grand street, for the summer returned home on Wednesday.

Mrs. Hattie Burgett left yesterday for Albany to meet her daughter, Mrs. J. Mason, an assistant nurse in the army service, who leaves within a week for Fort Riley, Nebraska.

Mrs. L. E. Vosburg of 81 Main street left yesterday for an extended stay in Baltimore, Md. Returning, she will come by way of New York and visit friends there and in Brooklyn.

Mr. and Mrs. H. B. Wright and daughter, Martha, of Watertown, were at Lewis Mills Tuesday and Wednesday, while en route to Bloomsburg, Pa., where Mr. Wright will spend his vacation.

Mrs. H. I. York, trained nurse at Otsego County sanatorium at Mt. Vision, was in the city yesterday. She reports the hospital as nearly filled and most of the patients mending in most encouraging manner.

Mr. and Mrs. B. C. Lauren motored to Binghamton yesterday, accompanying their daughter, Miss Mary, who departed by rail from that city for her school duties at National Park seminary at Forest Glen, Maryland.

Mrs. Ada Kennar of New York city arrived in Oneonta Tuesday night to be with her brother, James Chase, of Schenectady, who is critically ill at the Fox Memorial hospital. Mrs. Alice Heron of Worcester, also a sister of Mr. Chase, returned home yesterday morning.

Miss Ethel Doolittle, who had been spending the summer at her home on Ernest street, left yesterday for New York to resume her duties as instructor of nurses. Miss Doolittle has been engaged to lecture on dietetics and massage in twenty-five hospitals in New York city and vicinity.

Card of Thanks.

We wish to express our thanks to the neighbors and friends who assisted us in the care of our wife and sister during her long sickness and at the time of her death; to the L. O. O. F., I. O. O. T. U., and neighbors for floral tributes; also to relatives and friends for the beautiful flowers sent to the funeral.

Miles Westcott,  
Mrs. Emeline Clark,  
Harlan Murdock.  
Hartwick, Sept. 30, 1918.

376 Wright's delivery. adv. 11

## FIRST ON HONOR ROLL

**CHARLES S. JENNINGS PASSES AWAY WHILE IN COUNTRY'S SERVICE.**

Succumbs to Attack of Pneumonia at Durham, N. H., Last Evening—Parents With Him at Last—Thought to Have Passed Crisis.

Charles Seeley Jennings, son of Mr. and Mrs. Dan Jennings, who passed away yesterday afternoon at Durham, N. H., where he was in government service receiving training, as an electrician, becomes the first upon Oneonta's roll of honor of those who give their lives in the sacred cause of liberty and justice. News of his demise came in a telegram from Mr. Jennings to his friend and business associate, Earl C. Bates, received late last evening, announcing that the end came at 5 o'clock yesterday afternoon. The sad intelligence was unexpected as the late news from his bedside had been of an encouraging nature. Telegrams and cards received earlier in the day had stated that it was thought that the crisis was passed on Saturday last and that he was improving. While no particulars were given in the message of last evening it is thought that his heart failed at the last.

The burial is to be at Afton, although it is considered probable that the funeral will be held here, although a later message is expected to announce the arrangements.

Charles Seeley Jennings was the eldest son and was 21 years of age. He attended school here for years but later he made his home much of the time with the grandparents, Mr. and Mrs. Charles L. Seeley, at Afton, where he graduated from the high school. He was for some time afterward employed as an electrician at Spier Falls. Last August last he was enlisted by the Local Board here and was assigned to the University of New Hampshire, at Durham, an army vocational school for training as an electrician.

He was first taken with Spanish influenza and later pneumonia developed. His parents were summoned on Sunday last and arrived at Durham on Monday at 9 o'clock. They were, therefore, with him during his last hours. Beside his heartbroken parents he is survived by one brother, Radnor, who is at the family home here. The young man had many friends and the sympathy of the entire community will be extended to the stricken family.

Funeral Announcement.

The funeral of the late Mrs. Frances A. Stoutenburg will be held from the family home at 42 Fairview street this, Thursday, afternoon, at 2 o'clock. Rev. Dr. J. C. Russell, pastor of the deceased, will officiate and interment will be made in the family plot at Plains cemetery. The funeral will be private for the family and near friends.

Wanted — At once. Experienced short order cook. Good wages. Apply in person, Florida Avenue Lunch room. Cook & Woolheater, props. adv. 11

## WEDS VAUDEVILLE ACTOR.

Miss Hazel Brooks, formerly of Oneonta, becomes wife of Harry Styles.

Harry Styles, a vaudeville actor of Yonkers, who for the past five summers has been associated with Dan Sherman at Sheran Lake, and Miss Hazel Brooks, daughter of Mr. and Mrs. S. D. Brooks of Davenport Center, but formerly of, and well known in Oneonta, were united in marriage recently in New York city, the bride's sister and a brother of the groom witnessing the ceremony. Mr. Styles is now playing in New York city. They expect to take up their home in Davenport Center next summer, after he completes his season's engagements.

Last year Mr. Styles was in the United States transport service in the capacity of chief radio operator and was temporarily disabled while engaged in active service. Following this he went to Sherman lake, where he met his bride last summer. They will have the best wishes of numerous friends.

**FOR HEALTH, COMFORT, and FUEL ECONOMY**

It would be wise to investigate your present heating system and see that it circulates (not radiates) pure, warm, ever changing air, free from dust, gas and smoke. If it does less than this you are jeopardizing the health of your family.

Ask your doctor. He will tell you that the proper percentage of moisture in the air is supremely essential to comfort and health. Also satisfy yourself with regard to the importance of the proper circulation of the air. You get both in our installation of Glenwood Furnaces, either the one pipe or several pipe style.

Let us talk with you in regard to your particular case.

## DELAWARE COUNTY NEWS

(Concluded from Page Three.)

church of Grand George, officiating. The interment will be made in the Stamford cemetery.

## Street Highways Undergoing Repairs.

In the early spring, owing to the bursting of the water mains on Harper street, it was found necessary to excavate the highway for the repairs. Owing to the constant traffic during the summer and the fact that the excavated portion of the ditch was directly in front of the entrance to the Catholic church, only temporary repairs were made. Wednesday, Superintendent Gilmore with a force of men undertook the permanent repair of the street which will probably be completed in a few days.

## W. S. Stewart in New York Hospital.

William S. Stewart, the well-known contractor of this place, is reported as being in one of the New York hospitals to undergo an operation for gall stones. He has been in the city on business and was taken very ill there with the result as above.

## Men Planning to Leave Stamford.

Horace Griffin and George W. Lawrence are both intending to leave very soon for Ilion, to engage in the works at that place. Others in town are also making their plans for winter sojourns in the factory plants in the cities.

## Questionnaire Board in Session.

For several days past the Advisory board has been in session in rooms over the bank building, attending to the filling out of the questionnaires for the registrants under the late draft.

## Rev. Chambers Called to Stamford.

Rev. Mr. Chambers, who has during the summer supplied the pulpit of the Presbyterian church of Stamford, during the absence of its regular pastor, Rev. W. D. Cavert, has accepted a call to the pastorate of that church until the return of the former pastor. Mr. Cavert is at present in Waco, Texas, chaplain in the camp stationed at that point.

## Leroy Johnson Takes Partner.

Leroy Johnson, who conducts a blacksmith shop on River street, has taken as a partner, Mr. Morrison of West Harpersfield. This action was made necessary for Mr. Johnson on account of two of his dependable employees leaving for other cities along with others who have gone from this place. Mr. Johnson has a heavy business in his line and with the other shop closed up it demands more than one or two men can attend to to carry on the work.

## NORTH KORTRIGHT NOTES.

## Lester Utter Sells His Farm and Moves to Oneonta.

North, Kortright, Oct. 2. — Lester Utter has sold his large farm at Kortright, together with fifty or more head of stock and all farm tools to a Mr. Hansman, a Dane, who has immediate possession. The consideration is said to be \$13,000. Mr. Utter, whose health has not been good for some time, will remove to Oneonta to reside.

Henry Shelley has purchased from Miss Jessie Harper, the house and five

## AN EXCELLENT PERFORMANCE

Discriminating Audience Quickly Warns to Fine Quality of Last Night's Entertainment.

Always the Oneonta Normal and High School course starts the season with an entertainment of merit; and thereafter it endeavors, and generally with success, to keep to the high level of the initial effort. The course has started that way this year, the program last evening by the Cornella-Bonelli company being such an entertainment as, though from first to last number composed of numerous and not meretricious numbers, none the less gained and kept the attention of the audience. The interest in fact was cumulative. Warming slowly to the earlier numbers, though in fact among the best, the hearers soon came to realize the full quality of the entertainment, and to give to each a tribute of well-deserved applause. Every number, in fact, was heartily enjoyed, and in the responses the offerings did not descend below the high level of the regular program.

Of the artists, Pauline Corella, the soprano soloist, has a voice of a surprisingly clear and bird-like, or perhaps it were better said, of flute-like quality, admirably trained and artistically significant. Riccardo Bonelli, the baritone, was a favorite of the audience, his sustained and powerful voice lending itself well to the concert stage. All his numbers had closest attention, but his magnificent singing of "When the Boys Come Home," thrilled as nothing before had done the loyal heart of the assembly. The violinist, Miss Ruth Collingbourne, quickly caught the attention and held the delighted ear of the audience. Each number was carefully selected and all were wonderfully well played. The quality of some of the tones which she drew from her instrument, and the delicacy of the phrasing will long be remembered.

The closing numbers were duets, the first the barcarole from "Contes de Hoffman," and the second "The Long, Long Trail," the latter with violin obligato.

Notice of the entertainment would not be complete without reference to the excellent work of Miss Adelaide R. Keizer as pianist. Her playing added much to the pleasure of each number, and perhaps the one frequently expressed regret of the evening was that she did not appear in solo.

Should the company come again to Oneonta it would meet a hearty welcome.

## Hold Patriotic Social.

The Y. P. S. C. E. of the Free Baptist church held a patriotic social at the church parlors on Tuesday evening, at which about 100 were present. Patriotic music and games furnished the amusement. Readings in Spanish and English by Miss Brennan, a selection by a quartet composed of Misses Beth Tarbox, Dorothy Hall, Dorothy Vandusen and Helen Davis, and also a solo by Miss Vandusen were given, and also a three-act comedy sketch in which General George Washington, Betty Ross and a private of the revolution appeared with Burton Hubert, Beth Tarbox and Glen Webb taking the parts. The entertainment was very pleasing and the evening closed with refreshments.

## Farewell for Nurses.

Last evening, at the Nurses' home at the Fox Memorial hospital, an informal farewell was given in honor of the nurses who are soon to enter Red Cross service with the army wherever they may be assigned. Four of the graduates of the training school have volunteered and Miss Maid Grady leaves today, having been summoned for duty at Camp Devens, at Ayer, Mass.

## Wins Theatre Courtesy.

The management of the Oneonta theatre through the medium of the Star announced in Wednesday morning's issue that the first person who would buy a \$500 Liberty bond at the box office of the playhouse of live-rehearsal would receive a season courtesy to all road attractions.

The winner of this courtesy is Mrs. H. P. Videman, who filed her application during the matinee today. Manager Addison offers the Liberty bond buyers, (those who buy at the Oneonta) a two months' courtesy to all pictures at the playhouse of class and cleverness.

## Aged Lady Fractures Hip.

Mrs. Hannah Peters, aged mother of Mrs. W. H. Hickok of 88 Elm street, fell down after arising from a chair in the home last week and fractured her hip. Despite her advanced years, Mrs. Peters is reported as resting comfortably. Dr. Marx is the attending physician.

## Social and Supper at Emmons.

The monthly social and supper of the Ladies' Aid society of the Methodist Episcopal church at Emmons will be held at the church Friday evening, Oct. 4. Supper from 5 o'clock until all are served. Every body welcome.

## Home From Hospital.

Miss Marie Saxton, daughter of Mr. and Mrs. W. R. Saxton, returned to her home on Elm street, yesterday, after a short stay at the Fox Memorial hospital, where she underwent a slight operation a few days since.

## FEW CENTS DESTROYS YOUR DANDRUFF AND STOPS FALLING HAIR

Save your hair! Make it thick, wavy and beautiful—try this!

Thin, brittle, colorless and scraggy hair is more evidence of a neglected scalp, of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a small bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance, an incomparable gloss and softness; but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.

## Enters Cornell University.

W. H. Miller of 12 Central avenue arrived in the city last evening from Ithaca, where his son, Lewis W. Miller has entered Cornell university to take the mechanical arts course as a cadet in the Students' Army Training corps. He is now located at 600 University avenue, Ithaca.

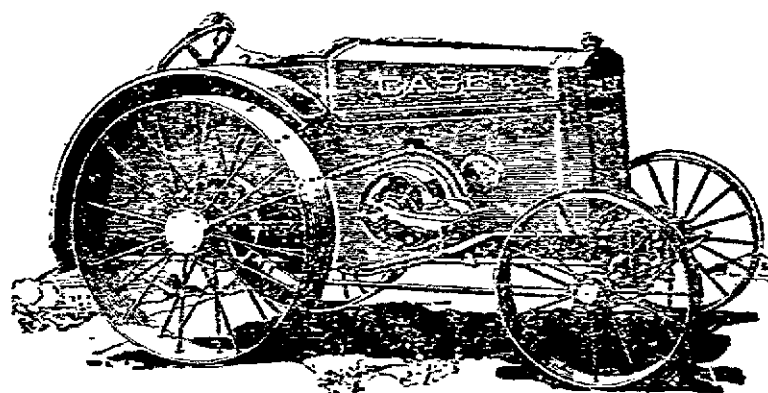

Mr. Miller reports that there are a large number of young men who have arrived in the city to secure their education and military training at the same time.

## Liberty Loan Subscriptions.

It is impossible in this issue to give any further details of the subscriptions to the Fourth Liberty Loan, as neither bank has been able to tabulate the applications by which they have been overwhelmed. Over \$20,000 above the figures given in The Star of yesterday have been listed and there are more subscriptions remaining to be tabulated.

## The Case Tractor

"SPEAKS FOR ITSELF"

One Man Oil Burning Tractor Adaptable To Small As Well As Large Farms

Use It For Plowing Harrowing Hauling Threshing Ensilage Cutting Sawing Wood Rock Crushing Road Work Cutting Grain

IMITATED BUT NOT EQUALLED

The small as well as the large Case Tractor is successfully filling the needs for reliable power on the farm. It is built to suit that need, by men who know from first hand knowledge what a tractor should do and how it should do it.

A few of the many special features of the Case Tractor are: A three-point suspension and low center of gravity, insuring great flexibility, medium high wheels, giving greater traction and short turning radius; a direct drive off the engine shaft for belt power without intermediate gearing; a sensitive automatic governor, connected directly to the carburetor, insures at all speeds a minimum of fuel consumption.

It has Timken roller bearings; these as well as all other parts running in a bath of oil. Straight draw-bar pull, no side draft. Simply constructed, high-speed, four cylinder, automatic steering gear engine.

Demonstrations of this tractor with the Grand Detour plow each day of the Morris Fair, Oct. 1-4.

## Glenwood

## Save Coal As Well As Wheat

The older the stove the more it wastes, not only in food and patience but in fuel. Saving a few pounds of coal each day means hundreds of pounds this winter, and saving fuel is just as important and commendable as saving flour.

A Modern Glenwood Range gives wonderful results with the smallest possible amount of fuel. Get one and start saving now.

## A Stubborn Cough Loosens Right Up

This home-made remedy is a wonder for quick results. Easily and cheaply made.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, whooping cough, bronchial asthma or winter coughs.

To make this splendid cough syrup, pour 2½ ounces of Pinex into a pint bottle and fill the bottle with a strained sugar syrup and shake thoroughly. If you prefer use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you get a full pint—a family supply of much better cough syrup than you could buy ready-made for three times the money. Keeps perfectly and children love its pleasant taste.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its prompt healing effect upon the membranes.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.
